SUMMARY OF THE COURSE

This course is designed to increase a student's pedagogical content knowledge for English teaching. The key elements of pedagogy and English content knowledge, as they relate to Stages 4 and 5 are examined and developed.
Students will critically address how these elements can then be combined into effective classroom practice to implement the requirements and philosophy of the NSW English syllabuses.

The main ways in which the course has changed since last time as a result of student feedback:

Students indicated they would like more focus in lectures on how to apply theory to classrooms.
In 2019, each week will introduce a literacy teaching strategy for students to add to their repertoire.

4. RATIONALE FOR THE INCLUSION OF CONTENT AND TEACHING APPROACH

This subject aims to develop in each student the ability to effectively teach English to secondary school students with an emphasis on the NSW English syllabuses. During the course students will develop their knowledge of New South Wales syllabus documents for stages 4 and 5. Lectures, tutorials and assignments will cover a variety of approaches to teaching and learning in the English classroom. Emphasis will be given to the relationship between English, literacy and numeracy and the role and value of English in the curriculum and the community.

Student-centered activities form the basis of the course. These activities draw on the prior knowledge of the students and allow them to engage in relevant and challenging experiences that mirror those they will be expected to design for the secondary students they will later teach.

5. TEACHING STRATEGIES

- Explicit teaching, including lectures, to demonstrate an understanding of students' different approaches to learning and the use of a range of teaching strategies to foster interest and support learning
- Small group cooperative learning to understand the importance of teamwork in an educational context and to demonstrate the use of group structures as appropriate to address teaching and learning goals
- Extensive opportunities for whole group and small group dialogue and discussion, allowing students the opportunity to demonstrate their capacity to communicate and liaise with the diverse members of an education community, and to demonstrate their knowledge and understanding of method content
- Structured occasions for reflection on learning to allow students to reflect critically on and improve teaching practice
- Online learning from readings on Moodle
- Online discussions
- Peer teaching in a simulated classroom setting

These activities will occur in a classroom environment that is supportive and inclusive of all learners.

Reflections of pre-service teachers
This series of video clips shows the reflections of several pre-service teachers each of whom trialed one of the twelve Teaching Teachers for the Future (TTF) Australian Curriculum resource packages with a practicum class. At the end of their lesson the pre-service teachers were invited to reflect on the experience of working with the resource package and adapting it to their class situation. They were also asked to reflect on their understanding of TPACK.

Assessment Details

Assignment 1

S1 Assessment 1 (2 000 wd eq, 40%)

Plan and design one 60-minute lesson for a mixed-ability Stage 4 class. (If Method is stage 6 only: for a Stage 6 Preliminary class). The lesson plan must follow a standard SED format and be presented using the template provided.

Plan your lesson for a class in a comprehensive high school which would typically include EAL/D students, Indigenous students and students with various religious and cultural backgrounds. Some students may have low levels of literacy. Differentiation to cater for some students is therefore required. Appropriate differentiation strategies are scaffolding, group work and/or an alternative task or mode of presentation.

1. Write a rationale for your lesson plan. Your rationale should address the questions: What do I want the students to learn? Why is it important? What strategies will I use? What assessment for learning strategies will I use to monitor progress?

2. Prepare the lesson plan to demonstrate how you will use appropriate structure, activities, strategies and formative assessment to develop understanding of the material.

Make sure you

- choose an appropriate topic for the year group
- support your rationale using references indicating your professional reading
- choose appropriate outcomes and lesson content
- demonstrate knowledge of effective teaching and learning strategies
- use appropriate format and provide sufficient detail for an effective lesson plan
- include an aspect of literacy/numeracy which integrates with the lesson focus
- provide in full <u>one</u> activity (which may be ICT-based)
- express yourself in clear, standard Australian English.

Assignment 2

You must submit an electronic copy of this assignment through Turnitin by the due date.

S1 Assessment 2 (3 500 wd eq, 60%)

Prepare an outline for a unit of work for a Stage 5 class. The unit of work should cover the first <u>five</u> lessons; however, you are not preparing full lesson plans.

You must write a rationale for the unit (600-800 words) in which you

- provide a brief outline of the school and class context
- state precisely what you want the students to learn and why it is important
- justify your choice of topic/text to suit the needs and abilities of this class
- justify your teaching strategies by referring to readings, research and material presented in lectures and the Quality Teaching framework
- demonstrate how differentiation will support a diverse range of learners
- state the prior knowledge students have to begin this unit and discuss how you would assess and build on this prior knowledge.

Include in your unit outline

- Resource list for each lesson
- <u>one</u> full activity for formative assessment (not an essay)
- <u>one</u> ICT-based activity (not watching a video or PowerPoint presentation)
- <u>one</u> group-work task with a focus on literacy/numeracy (not a mind-map)
- <u>one</u> incursion/excursion/performance/product activity
- outlines only for the other teaching materials required.

HURDLE REQUIREMENT

MICROTEACHING

Microteaching is the planning, presentation and evaluation of a lesson over a shortened period of time (a 10 minute mini-lesson). It is a critical aspect of the method course as it provides students with the opportunity to demonstrate key competencies that must be achieved before student teachers are permitted to undertake Professional Experience 1. At the same time they observe other student teachers and engaging in peer review. It is recommended that students read widely on effective classroom strategies and practise aspects of their mini-lesson with a small group of peers prior to assessment.

The assessment process will consist of two components

1. A detailed **lesson plan using the prescribed template**, including a statement of expected learning outcomes
2. A **10 minute mini-lesson**.

Initial Lesson Plan
All students must submit to the method lecturer their proposed lesson plan at least one week prior to the presentation. This will be returned with comments on the suitability of the proposal.

Microteaching
This aspect will be assessed according to the attached criteria and will be graded as **Satisfactory** or **Unsatisfactory.** Any student whose first micro-teaching episode is judged as unsatisfactory will be given ONE further opportunity to gain a satisfactory grade.

NOTE
If a student is assessed as Unsatisfactory in microteaching s/he will automatically fail Method 1 overall, and not be permitted to undertake Professional Experience or any further method work in that teaching area until the key concerns have been resolved.

NB: The ticks in the various boxes are designed to provide feedback to students; they are not given equal weight in determining the recommended grade. Depending on the nature of the assessment task, lecturers may also contextualize and/or amend these specific criteria. **The recommended grade is tentative only, subject to standardisation processes and approval by the School of Education Learning and Teaching Committee.**

Beginning in week 6, you will present the opening minutes of this lesson as your microteaching lesson. Microteaching is assessed using the National Standards for Graduate teachers and is graded as "Satisfactory" or "Unsatisfactory".
